DOG MEETS ALL THE TRAINS

"Pleinin," dog owned by Bartolo Speranza, Southern Pacific section foreman at Cape Horn, lonely spot in the High Sierra of California, five miles east of Colfax, meets all passenger trains to carry home reading matter thrown off by friendly trainmen for Speranza and his wife. Photo shows brakeman Frank B. Bluet tossing roll of newspapers to the dog.

Richard Williams Wins McKinley Post

In a closely contested race, Richard Williams was elected Monday as president of the McKinley Intermediate School student body for the coming year. So close was the first vote that a run-off contest was held, and even in that young Williams defeated Palmyra Paladini by only five votes—255-250.

Named vice president was James Spence; secretary-treasurer, Louise DuBose.

Drunk Drivers Win Probation

Walter I. Johnson, Woodside Rd., and Zeke Sanford, Palo Alto Negro, both found guilty of driving while drunk with prior convictions on the same charges, were admitted to probation by Judge Maxwell McNutt Monday with conditional terms in the county jail.

Johnson, 31, who struck a store in San Carlos and broke a heavy plate glass window, was admitted to two years' probation on condition that he spend 60 days in jail. He was given credit for time served since his arrest Apr. 29.

Sanford was admitted to probation for one year on the same condition, and was given credit for 21 days served.

Jailed for 20 days today by Judge E. I. McAuliffe was Fred A. Hansen, San Mateo, arrested by Redwood City police Sunday.

He said he could not pay a \$100 fine. With him was Antone Curevo, San Mateo, who paid a \$10 fine on a drunk charge.

Frank Nieto, 25, San Francisco, was fined \$50 by Judge Hugh Mullin Jr. this morning on driving while drunk charges. He was arrested at 7:45 a.m. yesterday by State Highway Patrolman William Francis. With him was Geraldine A. Williams, 23, San Francisco saleslady, who was released on \$10 bail.

James Plunkett, 63, a gardener, was jailed for 90 days by Judge Gus B. Rizzo today. He was arrested for being drunk in a public place yesterday by Capt. Paul Perussia of the highway patrol.

Also arrested by Captain Perussia was William Hill, 63, San Francisco stevedore, whose trial was set for June 10.

Prizes Offered In Bike Contest

Three prizes were offered today by Montgomery Ward & Co. to the persons giving the best answers to 15 questions in Ward's Bicycle Question contest. The prizes will be \$5, \$3, and \$2 in sporting goods merchandise orders.

Registration blanks can be secured in the sporting goods department at the store, as can the 15 questions to be answered. The contest closes at 6 p.m. Saturday, June 18.

Local judges will select the winners. The winners' names will be posted in the sporting goods department of the store not later than July 1.

Rolison Tells Candidacy Plans Jack Lynch Out for Supervisor

Rolison Cites Many Savings Made in Office

Manager Asks Election Solely on Record And Experience

His record in 20 years as a city manager and engineer and his achievements in the year he has been county executive here were pointed to today by Ernest A. Rolison as he filed nomination papers in the county clerk's office entitling his name to appear on the ballot as a candidate for county executive at the primary election in August.

In a statement as he filed, Rolison cited the fact that he is now performing not only the executive's duties but those of purchasing agent, who formerly was paid \$3500 a year, and those of publicity director, formerly paid \$3000 a year. Under the present system of standardized purchasing, which he recommended, a saving of "at least \$30,000 or \$40,000 per annum" will be made to the county, he declared.

POLITICS KEPT OUT
"In addition to this," Rolison stated, "I have made every effort to keep politics out of all county affairs and introduce sound business methods and principles in the conduct of county government which, if consistently applied, will bring about all possible economies in the expenditure of the taxpayers' money."

Rolison's statement to the public follows:
"I was born in California and for the past 20 years have been engaged in the city manager and engineering professions in this state. I am a state registered civil engineer, a member of the American Society of Civil Engineers, and also a member of the International Association of City Managers. I have served a total of 16 years as city manager of three California cities, Redding, Santa Barbara and Redwood City.

In 1935 my name was chosen from a list of qualified engineers from the west to become principal engineer for the Rural Electrification Administration with headquarters at Washington, D.C. This position I held for approximately one and a half years, during which time I maintained my legal residence in San Mateo County, where I have been a resident for the past nine years, or since my appointment as city manager of Redwood City, July 1, 1929.

COMBINED JOBS
"About a year ago I resigned my position with the federal government to become county executive of San Mateo County. This appointment was made by the present board of supervisors after considering the qualifications of several other candidates.

"During the year that I have held the position of county executive, I have acted in the capacity of purchasing agent, who formerly was paid a salary of \$3500 a year, and also assumed the duties of publicity director, who was paid an annual salary of \$3000. In addition to these duties, I have also acted as a public officer, who does not plan to run again.

SUES OVER DOG
George Denda has filed suit in the superior court for \$508.08 for injuries suffered in San Mateo Jan. 19 when he was bitten by a dog. The defendants, Roy W. Johnson, Josephine C. Johnson, and Lewis Palmatier, are owners of the animal, according to the complaint.

ENTERS RACE

JACK LYNCH
Candidate for Supervisor

Lynch Promises Businesslike Administration

Jack Lynch, San Mateo County tire distributor and Burlingame civic leader for 14 years, in announcing here that he would be a candidate for supervisor from the fifth district, declared that his campaign "will be carried out strictly on the basis of a business administration of county affairs."

Lynch, president of the Burlingame Chamber of Commerce, a past president of the Burlingame-San Mateo Kiwanis Club, and a director of the Burlingame-San Mateo Merchants Association, has never before been a candidate for public office, having confined his interest in county affairs to work on civic committees.

Lynch, who is also a member of the San Mateo lodge of Elks, issued the following formal statement of his candidacy.

"A number of years of observation of county affairs have convinced me that improvement may be brought to our local administration by rigorously adhering to practices and principles that a business man normally does in conducting his own business affairs. Feeling that the great majority of residents of San Mateo County have the same principle in mind, I feel confident, if elected, that my actions will meet with the approval of everyone interested in sound governmental administration. With this pledge of strict business conduct of the office I wish at this time to announce that I will be a candidate for the office of supervisor of the fifth district, San Mateo County."

Already definitely in the contest, which voters at large throughout the county will decide, is W. W. Hives, former Burlingame mayor.

Allen J. Ward, present mayor, and Alan F. Hunt, another Burlingame councilman, are reported planning to enter the race.

The district now is represented by James S. James, who does not plan to run again.

George Denda has filed suit in the superior court for \$508.08 for injuries suffered in San Mateo Jan. 19 when he was bitten by a dog. The defendants, Roy W. Johnson, Josephine C. Johnson, and Lewis Palmatier, are owners of the animal, according to the complaint.

Chamber Head Plans To Seek Post on Board

Ferrell and Augustus Slate Campaigns For Office

Ernest A. Rolison has filed nomination papers for election to the post of county executive to become the incumbent opponent of Frederick Peterson, sponsor of the move which changed the office from an appointive to an elective status.

Peterson, former assemblyman who was defeated two years ago in an attempt to secure a seat in Congress, announced last week that he would be a candidate.

JACK LYNCH ANNOUNCES
As Rolison filed for the executive, Jack Lynch of Burlingame, tire dealer and chamber of commerce president there, took out nomination papers for the fifth (Burlingame) township supervisorship, and announced his candidacy.

Lynch is a brother of Walter Lynch, who formerly operated a service station here.

Other developments on the political front:

County Clerk W. H. Augustus filed nomination papers.

J. A. Branson and William A. Finger filed nomination papers for fifth district justice of the peace.

FERRELL TAKES PAPERS
Dist. Atty. Gilbert D. Ferrell took out nomination papers for his office.

Papers for Republican Central Committee were taken out by Atty. Edward Hoffmann for the second (San Mateo) district and by John Vogt for the first (north end) district. Edward B. Smith secured papers for the fifth (Burlingame) district Democratic committee office.

Date for Flag Day Celebration Changed
Peninsula Pochontas Association will hold a Flag Day celebration at Big Trees June 19, instead of June 12 as first planned, it was announced here by association officers, who said that they were unable to secure the grove before the 19th.

Saccarappa Council of Palo Alto will make the flag. All councils in the association are requested to take their banners for the massing of flags ceremony. There will be a speaker and program, and games and races will be held after lunch, for which coffee will be served by the association. Each council is asked to take a prize for the games.

Fred W. Crumb Seeks Election As Treasurer

Ex-Supervisor Francis Asks Justiceship On Coastside

Developments in the August primary election race this week included an announcement by Fred W. Crumb, 125 Bradford St., Redwood City, that he would be a candidate for county treasurer against the incumbent, A. H. Sagehorn of San Carlos, and new competition for the offices of justice of the peace in the fourth and fifth townships.

Former Supervisor Manuel Francis has taken out papers for the fourth township office, indicating that he will be a candidate against Incumbent Judge M. J. Bettencourt of Half Moon Bay. Another candidate, Joseph F. George, took out papers.

The fifth township justice fight appeared to be split five ways. Latest to secure papers for circulation was Walter M. Vincent, who ran against Judge Gus B. Rizzo in 1934 and lost by a narrow margin. Other candidates in the field are Rizzo and W. L. Weitz, who have filed their nomination papers, J. A. Branson and William Finger.

County Tax Collector Ambrose McSweeney took out papers for the office he has held for nearly two decades.

Crumb, a past commander of Redwood City Post 105, American Legion, is a draftsman in the county road department. He said he did not plan to resign from office prior to the election.

Radio Program Comes to Screen

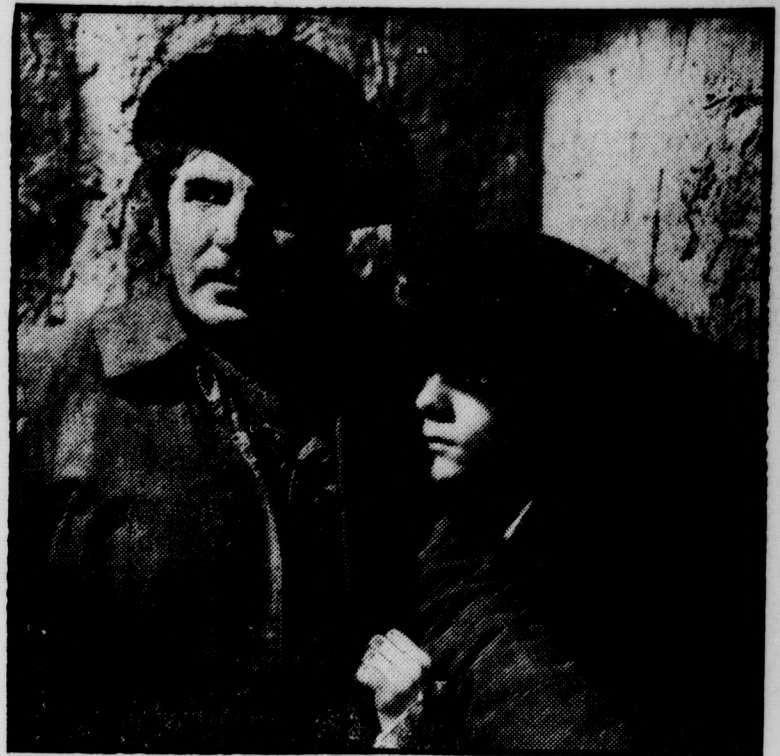

For the past four years "The Lone Ranger" has been one of the most widely listened to radio programs in the country. The shrill cry of "Heigh-yo, Silver" is familiar to millions of listeners, young and old, all over the United States. The dashing and mysterious "Lone Ranger" has become practically a member of thousands of households through his nightly visits by way of the radio.

Now he is coming to the Redwood Theater on the screen every Saturday matinee at 2:30 and evening at 7 starting June 11.

2-Time Loser Wins Probation on Charge

Joseph N. Etienne, former employee of Western Newspapers Union in San Francisco, who cashed a forged \$50 check on Clarence J. O'Neill in Belmont, was admitted to two years' probation by Superior Judge Maxwell McNutt Monday on condition that he served two more days in the county jail. Etienne has already served 43 days, and served five months on a similar charge in Los Angeles.

Siren Screech Marks 'Passing' of Shriners

No, it wasn't a fire engine or a police car caught on the cow-catcher of the train that roared through Redwood City and other Peninsula towns shortly before 10 o'clock Sunday night. That noisy siren was on the train itself. The train was a 10-car special made up in San Francisco and loaded with the official delegation of Islam Temple, heading for the Shrine convention in Los Angeles. The siren will be used in convention parades.

Republicans Again Decline Indorsement

Another battle for the indorsement of the executive committee of the Eighth Congressional District Republican Committee ended in a draw at San Jose Tuesday, according to meager reports from close-lipped delegates.

Charles Frey, head of the San Mateo County delegation, said no press statements had been authorized. Floyd D. Granger, another executive committee member, denied statements published in San Jose that a three-hour filibuster had prevented indorsement of Jack Z. Anderson of San Benito County, and repudiation of a former indorsement of Pentress Kuhn of Burlingame.

"The committee found that neither man would withdraw," Granger said, "and accepted the situation. The committee heard both men and felt that it should take no stand. The matter was left open."

Other reports from San Jose indicated that the committee was split eight for Anderson and seven for Kuhn.

Frey said that all committee members had agreed that no statement of the Republican committee's inner squabbles should be made to the press.

MENLO PARK NEWS NOTES

MENLO PARK, June 9—Miss Aileen O'Brien, lecturer and traveler, who spoke to a crowded house at the Civic Center in Palo Alto Wednesday night on the Spanish War, is a former resident of Menlo Park. She attended St. Joseph's Parochial School. The O'Brien family lived in the Becker home on Laurel Ave. Miss O'Brien has lived for some years in Spain and is familiar with the causes and history of the present conflict there. She spoke on the side of the insurgents, vividly telling the story of their cause and the reasons leading to the war. Miss O'Brien is giving lectures in all parts of the country.

This week several Menlo Park young men and women were graduated from the following institutions: Santa Clara University—Peter Helfrich; San Mateo Junior College—Miss Aileen McCarthy, Miss Genevieve Storick, Miss Genevieve Ward and Miss Madeline Doyle. A number of the graduates will enter Stanford next fall.

Fire Chief Thomas Cuff left Wednesday evening for Lewiston, Ida., to assume charge of the fire department there. He is on a leave to organize the department there. Asst. Chief E. F. Harn has been made chief. He has been connected with the department for 11 years. He has a competent staff of firemen. The commissioners have added James O'Brien to the force. He has been serving as an extra for some time.

Tuesday in San Francisco a son was born to Mr. and Mrs. Frank Rossi, nee Carroll. Mrs. Rossi is the daughter of the late Nellie Maloney Carroll, at one time a resident of Menlo Park.

Mr. and Mrs. George Marlock of San Francisco are here on a visit to the latter's brother, W. T. Casey. Mrs. Marlock taught for several years in the county and was at one time a candidate for county superintendent of schools.

John Shortridge, younger son of former Sen. Samuel M. Shortridge has been chosen president of the Kern County Bar Association. Young Shortridge went to Bakersfield shortly after his admission to the bar two years ago and has built up a lucrative practice in that time. Shortridge is a graduate of Stanford and the Hastings College of Law.

Mrs. W. Stanton, a pioneer of Menlo Park, is very low at her home on El Camino Real. She has been confined to her home for several years. Mrs. Stanton came to the community as a girl and has resided here all her life.

Four Burlingame Police Officers Sued in Arrest

Paul F. Eid, former Burlingame physician who served a sentence on charges of indecent exposure, then won a superior court order for a new trial in the Burlingame city court, has filed a \$25,000 false arrest suit against Burlingame Police Chief John J. Harper, Capt. John J. Hartnett, and Officers Carl H. Schwahn and Charles H. Thomas.

The former doctor claims that he was held in the Burlingame jail for 14 hours Nov. 2 and 3, 1937, causing him physical inconvenience, mental suffering, humiliation of mind, shame, public ridicule, and invidious publicity.

He claims that no warrant was ever issued for his arrest.

In previous actions, Eid attempted to show that he was the victim of a police frameup, and that he had been promised immunity if he would plead guilty and leave town. Instead, he said, he was sentenced to jail. He demanded a new trial, and finally secured an order from Judge R. L. Stone to cancel Eid's original guilty plea and to hear the evidence. The case is pending. Meanwhile Eid's state license to practice had been revoked.

500-Foot Plunge Over Mountain Fatal to Youth

Out for a drive while recovering from a minor injury that prevented him from working, Jack Sheidt, 20, sausage maker at Swift & Co.'s South San Francisco plant, was killed instantly late Monday when his automobile plunged over a 500-foot embankment.

Young Sheidt, who came to the county from Fresno a year ago and has been living with a sister, Mrs. Marie Dowdy, in San Bruno, died from a broken neck, incurred as the car rolled down the slope along the Half Moon Bay Rd., just across Skyline.

Driver of the car was Joseph Thompson, 19, Millbrae, who suffered a fractured left leg and possible internal injuries. He is in Community Hospital.

The death was the 19th for 1938, bringing the year's total to ten less than at this time last year.

Authorities said the car apparently went out of control as the youths started down the incline and failed to negotiate a curve. A wooden guide rail was insufficient to stop the car's plunge.

Sheidt had been resting at home for about a week and was expected to return to work in a few days. He had been cut while on the job and was granted sick leave.

Press Freedom Held Matter of Vigilance

The United States is in no danger of losing the freedom of the press—if its citizens are vigilant to maintain it.

That is the belief, expressed before the Redwood City Exchange Club Tuesday, of George Morell, president of Peninsula Newspapers Incorporated, owners of the Tribune, Burlingame Advance and Palo Alto Times.

How certain European countries lost press freedom was detailed by Morell, who declared that the changes made gradually by dictators in policies of the press appeared inconsequential at the time, but gradually materialized into a controlled press.

"What has happened in Europe may actually be good for us," he declared, pointing out that the examples there will tend to make citizens in the United States more careful to prevent similar occurrences happening here.

"Eternal vigilance is still the price of liberty," he added.

Chairman of the meeting was Harvey E. Conner.

Two new members, M. A. Grant and Gerald Shields, were taken into the club.

Next Tuesday's meeting will be held at Los Altos Country Club, preceded by a golf tournament for members beginning at 2 p.m.

YOUNG BRIDE'S PRIDE

Mrs. Roger Young, smiling proudly over the success of her first Strawberry Merry-Go-Round Cake, replaces it in her air-conditioned ice refrigerator—there to stay moist and appetizingly fresh for dinner. This ice-refrigerator specialty is particularly fine for summer months' dessert. To prepare Strawberry Merry-Go-Round Cake, dissolve one package of strawberry jello in one cup of boiling water, and set in the ice refrigerator to chill. Line bottom and sides of a spring form with quarter-inch slices of jelly roll. When jello begins to set, fold in a half-pint of whipped cream, one-half cup of sugar, and two baskets of berries cut in pieces. Pour into form and decorate top with whole berries and whipped cream. Let set in air conditioned ice refrigerator for 12 hours.

ROLISON CITES SAVINGS MADE AS EXECUTIVE

(Continued from Page 1)
dition to this, I have made every effort to keep politics out of all county affairs and introduce sound business methods and principles in the conduct of county government which, if consistently applied, will bring about all possible economies in the expenditure of the taxpayers' money.

MANY ECONOMIES

"For those who care to look, the record will show that many economies are being effected. The application of improved bookkeeping methods insures more consistent budget control and more accurate cost accounting. The application of standardized purchasing methods recently adopted by ordinance insures larger quantity discounts on a much more competitive basis than has heretofore been the practice. This alone if strictly adhered to will result in a saving of at least \$30,000 or \$40,000 per annum. Many other savings could be mentioned. The job is not yet done, however, and if the policies of the present administration are continued, many additional economies and other improvements are planned for the future.

"In making my first appeal for an elective office, I stand wholly upon my past record and only trust that in making their selection the voters will carefully consider the qualifications of all candidates and select the one whom they find to be best fitted by practical experience and technical training to perform the complicated

Airplane and Ship Construction Taught

Free instructions by a qualified leader in model airplane construction and building of ship and boat replicas is available to school children, starting today and continuing throughout the Summer vacation period, according to announcement by Luke Argilla, city recreation director.

Equipment has been made ready at the Boy Scout headquarters, second floor, Redwood City Police Station, by the division of recreation of the Works Progress Administration.

Actual material for the building of models is provided by the individuals taking advantage of the instructions and craft rooms, and all models showing exceptional handicraft workmanship will be entered in hobby displays from time to time during the Summer.

Traffic Disrupted As Auto Overtakes

Traffic was blocked on Skyline Blvd. for two miles each way from Saratoga Summit Sunday when brakes of the car of Joe Cress, San Francisco, locked and the automobile careened over on its side, causing him to suffer broken ribs and head injuries and his companion, Harold Milos, also San Francisco, possible fracture of the ankle.

duties and solve the intricate problem of the county executive's office."

Charges of Robbery Against Pair Dropped

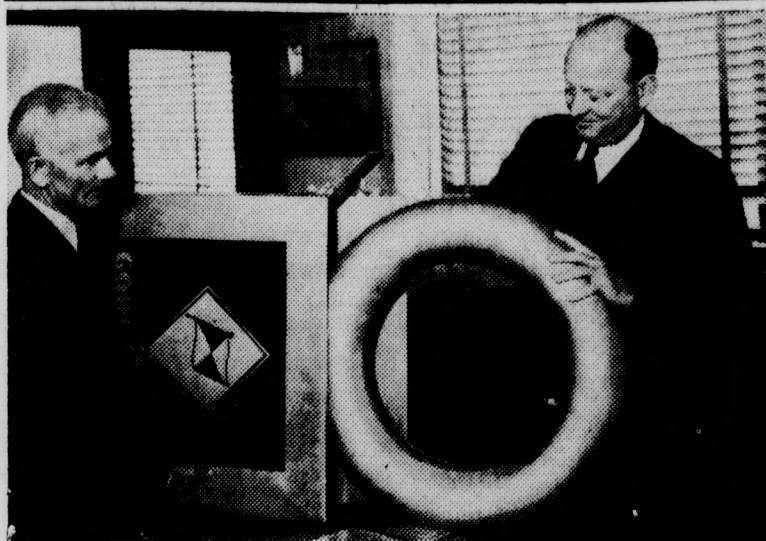

Threatened prosecution of the Tiner brothers, Alton, 23, and Robert, 29, for attempted robbery was dropped Tuesday in Judge R. A. Rapsey's court in San Bruno. Mrs. Elsa Stewart, San Francisco, who said she thought the men were going to rob her as she left Uncle Tom's Cabin Sunday morning, appeared in court to sign complaints but the evidence proved insufficient, according to Police Chief William Maher.

Vagrancy charges against Alton Tiner, onetime assistant starter at Tijuana race track, were dismissed. Robert, owner of a race horse at Bay Meadows, was sentenced to 30 days in the county jail for disturbing the peace.

LIQUOR CHARGE SUBMITTED

Charges of selling liquor after 2 a.m., which had been filed against Ray's Place on El Camino Real by the San Carlos Police Department, were taken under submission by Referee W. F. McDonald at a hearing conducted Saturday by the State Board of Equalization.

Lots of folk expect too much from me

"Back in jolly old England a tea kettle is treated with some respect. A tea kettle is kept to its traditional use of boiling water with which to make a 'spot o' tea.' But here in the good old U. S. A. there are folk who make me boiling mad. They expect too much from me.

"To my way of thinking, hot water should come a-running from a pipe when silken dainties are due for washing, when the family dog is to be soaped and scrubbed, or a little boy's hands need whitening up, or a little girl's hair is to be shampooed to silky softness." signed TOMMY TEAKETTLE

Heating water in a tea kettle is expensive. More heat escapes into the kitchen than goes into the water. But hot water from an Automatic Gas Water Heater, where water is kept stored hot in an insulated tank is very low priced hot water service. Today you can buy an Automatic Gas Water Heater for your home for as little as ten cents a day. Then you will have hot water service that is faithfully yours 24 hours a day, for bath, showers, dishwashing, cleaning, and a score of other conveniences.

SAFEGWAY Your Friendly Grocer

Washington Irving's acquaintance with John Jacob Astor, New York millionaire, prompted him in 1836 to write "Astoria," a history of the fur-trading settlement founded by Astor in Oregon.

Horton Smith, veteran professional golfer, says his motto in medal play is "safety first." "I don't try to offset a mistake by going recklessly for the green with a club that isn't suited to the lie."

One of the first types of matches was the brimstone match, which consisted of small strips of pine-wood dipped in sulphur and lighted by a spark dropped from flint on steel.

3 REASONS WHY YOU SAVE AT WHITE OAK MARKET

1. Quality

You can effect no greater saving than by purchasing food products of known quality—foods that are nationally recognized as being "the best." Here at White Oak Market you will find just these products, in groceries, meats and produce.

2. Convenience

Handy, free parking facilities eliminate the fuss, bother and expense of hunting a parking space. And, too, if you find it inconvenient to come down town to do your shopping, free delivery service in San Carlos and Redwood City will bring your food needs direct to your home.

3. Price

At White Oak Market, you pay no more for the high quality merchandise or for the convenience. We price all items on a basis to save you money in your purchases.

Louis Farasyn Wins High College Honor

Louis Farasyn, Sequoia High School graduate who received his degree in philosophy from Santa Clara University Saturday, was the winner of the Nobili medal, founded by Joseph A. Donohue in honor of Santa Clara's first president and awarded to the student considered "first in morals, obedience and application to work." The presentation was made by Superior Judge Thomas P. White.

Farasyn was an outstanding student at Sequoia also and was prominent in football both at Sequoia and Santa Clara.

FOUR HURT IN MISHAP

Four persons suffered cuts and bruises at 5 p.m. Sunday in an accident on Whipple Rd. Driver of the car was George W. Von Tauffen, 19, San Francisco. With him were Dorothy Blennerhassett, 16, and Frances Barr, 17, both of San Francisco, and Howard Lehner, 18, Daly City.

Coast Guard Base Approved

Hopes of Moffett Field boosters that the Sunnyvale air base would be the scene in the near future of construction of a \$3,000,000 dirigible went glimmering today.

The House appropriations committee in Washington lopped the airship item out of the \$274,000,000 appropriation bill which it reported to the House, declaring airships have no military value.

The \$3,000,000 item had been approved in a "big navy" authorization bill previously passed by Congress and signed by President Roosevelt.

The appropriations committee did, however, recommend an immediate appropriation of \$600,000 for a coast guard air base on San Francisco Bay. The appropriation bill, last of the session's major supply bills, carried a total of \$41,775,167 for the navy.

CHILD HURT IN CRASH

When cars of Roy Myers, 222 Finger Ave., and H. J. Kjar, 166 Kelton Ave., San Carlos, collided near Myers' home in Redwood City Saturday evening, little Marilyn Kjar, 7, suffered a broken tooth as her head was bumped against the windshield of her father's machine.

Gardener Succumbs Of Attack at Work

Albert Webb, 56, Menlo Park gardener, succumbed to a heart attack Monday afternoon while working on the Burlingame estate of Mrs. George T. Marye.

Surviving are his wife, Emma; three sons, Martin of Menlo Park, Charles of Martinez and Albert James Webb of Redwood City; a father and sister living in England and a brother in New Zealand.

ENGLISH TEACHER PASSES

Dr. Edwin Herbert Lewis, 72, an English teacher and text book writer, died on Tuesday at a Belmont sanitarium. Dr. Lewis taught in eastern colleges prior to his retirement in Palo Alto in 1935. He lived in Palo Alto at 358 Tennyson Ave. Survivors are his son, Herbert, of Chicago and Mrs. E. Yvor Winters of Los Altos, wife of the Stanford professor.

Petition of Woman For Estate Opposed

Coroner William F. Crosby Tuesday contested the petition for letters of administration filed by Katherine Barber in the \$11,000 estate of George Volarevich, Hillsborough gardener, who died intestate May 2.

Miss Barber, a niece of the deceased, has no right to any of the property or to letters of administration, according to Dep. Dist. Atty. Burrass Karmel, counsel for Crosby. The fees for administration and counsel fees should accrue to the county, he declared.

Volarevich left all of his assets in cash. His only surviving relative is a brother, Luke, in Yugoslavia.

Karmel said that Miss Barber and her sister came west at Volarevich's invitation and have been left without resources by his death.

ACCIDENTS!

Be Protected With a Tribune \$10,000 Accident Policy for \$1 a Year

HUNDREDS of times every day, motorists pull out from the curb without ever looking back . . . without noticing the fast moving cars headed toward them. Many bad collisions . . . many serious injuries are caused by such carelessness. It is necessary to LOOK FIRST before you leave your parked location, for cars driving along the right of the street cannot anticipate a sudden "pulling away" from the curb. It's up to you to "pull out" when the way is clear—to exercise caution.
